How to Search for a Safety Data Sheet (SDS)

Environmental Health and Safety Services

Updated: March 31, 2021

Safety Data Sheet (SDS) Search

- The “SDS Search” box is available on the right side of the home page
- Type in the Chemical Name or Chemical Abstracts Services (CAS) Number in the text field
- Click “Search”

The screenshot displays the BioRAFT home page interface. At the top left is the Syracuse University logo and name. At the top right, it says "Welcome, Tiffany J Nelson" with links for "Home", "Support", and "Logout". The main content area is titled "Welcome to BioRAFT" and includes several sections: a search box for "Find Individual or Group" with a "Search" button; a navigation menu with links for "Research Management", "Nelson Lab", "Ponza Lab", "ChemTracker", "Research Tools", and "My Account"; an "Announcements" section with a date and a "Welcome to BioRAFT" message; a "Compliance E-Mail Inbox" section showing "No Messages Received"; a "Compliance Summary for" dropdown menu currently set to "Nelson Lab"; an "SDS Search" section which is highlighted with an orange border, containing a text input field with "Acetone" and a "Search" button; and an "ObservNow" section with the text "See a safety concern? Click to report it." and an eye icon. The footer contains the BioRAFT logo and copyright information: "BioRAFT © v3.9.116.2 (Werner Heisenberg), All Rights Reserved" with links for "Contact Us" and "Mobile version".

SDS Search

- Scroll until the desired product is found
- To view SDS, click “Download PDF”
- If the proper SDS is not available, please contact EHSS (ehss@syr.edu)
